NEW BUSINESS

1. 4467 MAIN STREET - LOCAL LANDMARK DESIGNATION

The applicant was not present. The Commission requested that the applicant submit an architectural discussion of the character-defining features of the building along with identifying a period of significance. Mr. Swartz made a motion to adjourn the matter. The motion was seconded by Ms. Waterman-Kulpa and carried. Ayes 6, Noes 0.

RESULT:	**ADJOURNED**

2. ST. MARY'S MOTHERHOUSE AT 400 MILL STREET - CERTIFICATE OF APPROPRIATENESS

Charles Ritter and Thomas Lyons (Duke, Holzman, Photiadis & Gresens LLP), along with Nicholas Kraus (Heritage Consulting Group), presented a Certificate of Appropriateness for full replacement of the slate roof at the St. Mary's Motherhouse (400 Mill Street) with synthetic slate. Following their presentation, Mr. Ritter, Mr. Lyons, Mr. Kraus and Gary Browne (The Browne Company) answered questions and concerns raised by the Commission. Mr. Hirschey spoke in favor of allowing the roof to be replaced using synthetic slate.

Following discussion, Mr. Swartz made a motion to enter an executive session with legal counsel regarding Chapter 121 of Town Code. The motion was seconded by Ms. Waterman-Kulpa and carried. Ayes 6, Noes 0.

Mr. Swartz made a motion to return to the regular meeting. The motion was seconded by Ms. Waterman-Kulpa and carried. Ayes 6, Noes 0.

Ms. Waterman-Kulpa made a motion to deny the Certificate of Appropriateness dated March 26, 2024 with the scope of work as follows: the existing roof system is failing and the roof is in desperate need of repair; we are proposing a full roof replacement; existing slate would be replaced with synthetic slate. She stated that the scope of work was defined as well by supplemental material from Duke, Holzman, Photiadis & Gresens LLP dated March 26, 2024, items 1-6 and items 1-2 from Heritage Consulting Group. The owner has stated that the original slate roof is at its end of life and the Commission reviewed the material per the Town's statute, the Secretary of the Interior's Standards for Rehabilitation, as well as the National Park Service Technical Preservation Briefs 29 (The Repair, Replacement, and Maintenance of Historic Slate Roofs), 4 (Roofing for Historic Buildings), and 16 (The Use of Substitute Materials on Historic Building Exteriors). The EcoStar synthetic slate material dramatically changes the visual and aesthetic effects of the roof. The proposed replacement material alters the shape, size and pattern of the roof. It absorbs the light rather than reflecting it as natural slate would and is much darker and monochrome compared to the existing slate.

Waterman-Kulpa made a motion to deny the Certificate of Appropriateness for the replacement of the existing original slate roof with the EcoStar synthetic slate material. The motion was seconded by Mr. Swartz and carried. Ayes 4, Noes 1 (Hirschey), Abstain 1 (Mancuso).

RESULT:	**DENIED [4 TO 1]**
AYES:	Waterman-Kulpa, Kensy, Swartz, Amplement
NAYS:	Hirschey

3. LOCAL LANDMARK PLAQUES 2024 - 38 RICHFIELD ROAD & MAIN STREET ENTRANCEWAY

Attachment: HPC Minutes 040924 (28877 : April 9 Minutes)

The Commission reviewed mockups for the 38 Richfield and the Main Street corridor furniture plaques. The Commission agreed to replace the word "built" with "circa" and allow the vendor to move forward with production.

4. 2024 CLG GRANT SUBMISSION
The Commission discussed preparing a scope of services for the Town Board.

5. 2024 PRESERVATION DAY PLANNING
The Commission discussed the ongoing preparations for Preservation Day, including setting up an itinerary and the list of secured speakers.

6. HISTORIC PRESERVATION COMMISSION MEMBERSHIP
Mr. Swartz made a motion to add an agenda item. The motion was seconded by Ms. Waterman-Kulpa and carried. Ayes 6, Noes 0.

The Commission discussed recommending Hallie Wright to the open seat of historian on the Historic Preservation Commission.

Ms. Waterman-Kulpa made a motion to recommend to the Town Board that Hallie Wright fill the vacant seat of historian on the Historic Preservation Commission. The motion was seconded by Ms. Mancuso and carried. Ayes 6, Noes 0.

Mr. Swartz made a motion to return to the original agenda. The motion was seconded by Ms. Waterman-Kulpa and carried. Ayes 6, Noes 0.

Synder, New York : Background

Nestled within the Town of Amherst, Snyder stands as a testament to the town's rich heritage. As one of Amherst's earliest established areas, Snyder exudes a quaint, village-like charm, boasting a harmonious blend of residential and commercial spaces that encourage pedestrian activity. The area is adorned with a tapestry of local landmarks, including educational institutions, places of worship, cultural centers, and the quintessential post office, all woven into a classic urban design featuring tree-lined streets and meticulously maintained homes.

Snyder's southern locale within Amherst is framed by Getzville and Brantwood Road to the west, Sheridan Drive to the north, the convergence of I-290 and I-90 to the east, and the boundary with Cheektowaga to the south. The heart of Snyder's revitalization efforts lies along the Main Street corridor, stretching from Campus Drive to Burroughs Drive, which serves as the commercial nucleus of the community.

The historical roots of Snyder trace back to 1804 with Timothy Hopkins' settlement, marking the beginning of its transformation from rural farmland to a bustling community. The arrival of Abraham Snyder in 1823, followed by the establishment of his family's homestead at the crossroads of Main Street and Harlem Road, catalyzed the growth of "Snyderville." The evolution of Snyder continued through the 19th century, with local enterprises catering to the agrarian lifestyle and the influx of stagecoach travelers along the Buffalo-Williamsville thoroughfare.

The dawn of the 20th century heralded a new era for Snyder, shaping its distinctive identity. The introduction of an electric trolley in 1892 linked Snyder to the expanding Buffalo streetcar network, propelling the area into a sought-after residential enclave for the city's affluent. This period also saw the expansion of the business district at Main and Harlem, solidifying its role as the communal hub for the burgeoning suburbs.

In the present day, Snyder's residential zones remain highly coveted, a beacon of stability amidst a static economic landscape. The business district, while evolving, continues to honor its historical significance, transitioning from its pastoral origins to a modern-day haven for exclusive, high-quality merchandise. Snyder's journey from a rural hamlet to a suburban cornerstone and now to a contemporary commercial destination reflects its enduring adaptability and allure.

4467 Main Street: A Historical Narrative

Where Main Street and Harlem intersect in the quaint hamlet of Snyder, New York, stands a testament to the town's communal spirit and architectural heritage: the building at 4467 Main Street. Originally serving as the Bank of Snyder, this structure is a fine example of Georgian Revival architectural style, characterized by its symmetry, proportion, and adherence to classical design principles.

Attachment: 4467 Main Narrative (28873 : 4467 Main Street)

Constructed in 1929, the Bank of Snyder was more than a financial institution; it was a symbol of local pride and autonomy. On July 2nd, 1929, the Bank of Snyder opened its doors to the public for the first time, with "a capital of $100,000 and a surplus of $50,000."[1] In an era marked by economic optimism before the Great Depression, the residents of Snyder came together to establish their own bank, a move that reflected the town's growing affluence and self-reliance. According to the Buffalo Courier Express, when the bank was first established in 1929 "150 of the 160 stockholders are residents of Snyder."[2] This was a "point of pride" not for the officers and directors of the bank, but for the folks that lived in Snyder as well.

The bank's establishment coincided with a period of significant growth for Snyder, which had been founded nearly a century earlier in 1837. The town, named after its first postmaster Michael Snyder, grew from a simple crossroads to a vibrant suburb, its identity intertwined with the ebb and flow of the nation's economy. Once the proud Bank of Snyder, it now operates as a Key Bank branch, but its walls echo a history far richer than its financial legacy. The building's inception as a bank is immortalized on the 1932 Sanborn map, and remarkably, it has continued to serve this original purpose for over 9 decades.

Erected in 1929, this Georgian Revival structure is cloaked in brick, its single-story stature exuding the elegance of classical design. Adorned in the Georgian Revival style, the building's symmetrical facade and classical elements reflect a revivalist passion for the grandeur of the past, a nod to the colonial heritage that shaped early American architecture. The significance of 4467 Main Street transcends its architectural merit; it is a rare example of early twentieth-century commercial design within Snyder, one that has steadfastly preserved its functional legacy. The entrance, graced by Corinthian columns set in antis and crowned with a pediment, invites passersby to step into a space where history and commerce intertwine.

Over the years, the Bank of Snyder would see the world change around it. The Great Depression, the rise and fall of industries, and the ebb and flow of the town's fortunes all played out around this steadfast edifice. In 1934, the bank was acquired by the Marine Trust Company of Buffalo, reflecting the broader economic consolidations of the time. The 1920s and 1930s were decades of stark contrast for Snyder, mirroring the broader American experience. The Roaring Twenties brought a wave of optimism, only to be dashed by the Great Depression's shadow. As the nation grappled with economic turmoil, Snyder was not immune. The once-thriving industries slowed, and the dreams of prosperity were replaced by the stark reality of survival.

Amidst this backdrop, the Marine Trust Company of Buffalo emerged as a beacon of stability. Due to the region's commercial economy, the bank initially focused on trade finance for the burgeoning grain industry in Buffalo. Founded in 1850, the institution weathered economic storms to become a cornerstone of the Buffalo region's financial landscape. It transformed into the Marine Trust Company of Buffalo, and by 1929, as part of the Marine Midland Corporation, it extended its reach far beyond the local community. In the early 1960s, Marine Midland

Corporation initiated a series of mergers among its network of banks, culminating in the formation of the Marine Trust Company of Western New York. This entity underwent several name changes and expansions, ultimately uniting with nine regional banks in 1976 to establish Marine Midland Bank, boasting assets of $10.5 billion. At the time, this was the largest bank merger in U.S. History.[3] In 1980, the global banking giant HSBC embarked on a strategic expansion into the American market by securing a majority stake of 51% in Marine Midland Banks, Inc. This transition culminated in 1999 when Marine Midland Bank adopted the HSBC brand, emerging as HSBC Bank USA, and signifying a new chapter in its storied history.

Today, as a Key Bank branch, 4467 Main Street continues to serve the financial needs of Snyder's residents, just as it did nearly a century ago. The former Bank of Snyder located at 4467 Main Street is more than a building; it is a narrative woven into the fabric of Snyder. It stands as a testament to the resilience of a town that has seen the pendulum of history swing from prosperity to hardship and back again. It is a monument to the collective spirit of its people, a spirit that endures in the very bricks and mortar of this Georgian Revival masterpiece.

The building located at 4467 Main Street (ca. 1930; Photo 6-79), at the southwest corner of Harlem, is a single story Georgian Revival tan brick commercial building. The building first appears on the 1932 Sanborn map as a bank, and continues to retain that function as a bank. Not only is the building significant architecturally, it is a rare example of early twentieth-century commercial architecture in Amherst that has maintained the same functional use for over 80-years.

BANK, SNYDER BECOMES MARINE TRUST BRANCH

The Bank of Snyder, at Main street and Harlem road, today became a branch of the Marine Trust company, operating under the new state law permitting branch banking in district limits. Stockholders of the Bank of Snyder and of the Marine Trust company approved the merger late last week.

Herbert J. Vogelsang, who has been vice president and cashier of the Snyder bank, will now be manager since its conversion into a branch. F. Warren Mundie had been president. He is also an assistant vice president of the Marine Trust company.

The Bank of Snyder was organized in 1929 and since its establishment has been a member of the Marine Midland group.

Snyder——

Town Selects New Bank Depository

Change Is First Made For Several Years

Amherst's official local banking depository now is the Snyder Branch of the Marine Trust Company, Main Street and Harlem Road. So designated by the Amherst Town Board in the new administration of Supervisor Albert J. Herman, the Snyder bank supplants the Williamsville Branch of the Marine Trust Company.

Supervisor Herman pointed out that tax receipts and other funds received in town offices at the Williamsville Village Hall will be deposited in the Williamsville institution for transfer to the Snyder branch. The change in depositories is the first in several years authorized by the Town Board.

The old Bank of Williamsville was depository for the town before it became a branch of the Marine Trust. Former Supervisor Howard G. Britting, whom Supervisor Herman defeated in the November election, was one of the founders of the Williamsville bank and served as its president, until he became supervisor eight years ago.

City banks which also were designated by the Town Board are the Western Savings, Liberty and Manufacturers & Traders Trust Company.
